Intergalactic Musical Discovery Epilogue:

Write a letter, make a poster, or record a song/presentation describing how your favorite earth music should sound using the elements of music.

Imagine you are greeted by a pair of intergalactic musical explorers like Sound and Silence who have just arrived on earth...

"Greetings Earthlings! We've arrived on your planet and would like to know all about your favorite music and how we can write and perform your music."

- What kind of **instruments or timbre/tone** should we use in our music?
- What kind of **dynamics** should we use in our music?
- What kind of **tempo** should we use in our music?
- What kinds of **pitches** should we use in our music?
- What type of **meter (time signature)** should we use?
- What kind of **rhythm** should we use in our music?

- Why is your favorite music important to you?
